

**EDA Industries S.P.A.**

---

**2024 Company Presentation**

## Who we are

---

We are an international company, providing **Turn-Key Solutions and Services for Reliability, Burn-in and Testing of Semiconductor Devices and Modules**

# EDA milestones

**1993**

Founded **in Terni** by Fortunato Palella and other shareholders

**1998**

Establishment of **EDA Singapore** to address even more the requirements of the global semiconductor market

**2007**

Release on field of the first **OLT system** for **Reliability Labs**

**1997**

EDA Industries moved **from Terni to Rieti**, current headquarter location

**2006**

Release of the first **VBTS Test Platform** for mass production

**2008**

**VBTS** setup for testing of **Memories**

# EDA milestones

**2016**

Release of the first **MOSBTS Test Platform** to process **SiC** and **GaN devices**

**2019**

Release of the **ETNA** solution for **Reliability & Burn-In** trials in **Back-End environment**

**2022**

Launch of the **EDA Thule**, powerful **data analysis SW tool** compatible both with **ETNA** and **WLBI EDA solutions**

**2017**

Openings of new plants in **Philippines** and **Malaysia**

**2021**

Release of first **WLBI Solution** to introduce EDA in the **Front-End environment**

**2023**

Celebration of **30th anniversary** of activity

# Total Solution for Reliability, Burn-in & Testing

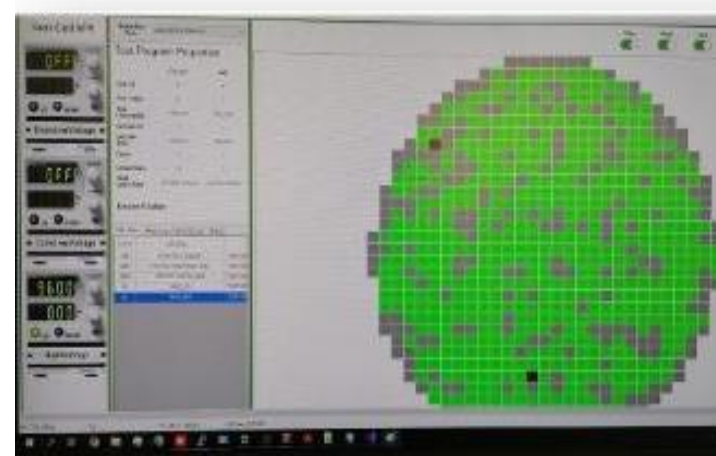

## Front-End

**Test Platform**  
(based on MOSBTS-M tester)

**Probe Cards**

**Software Platform**

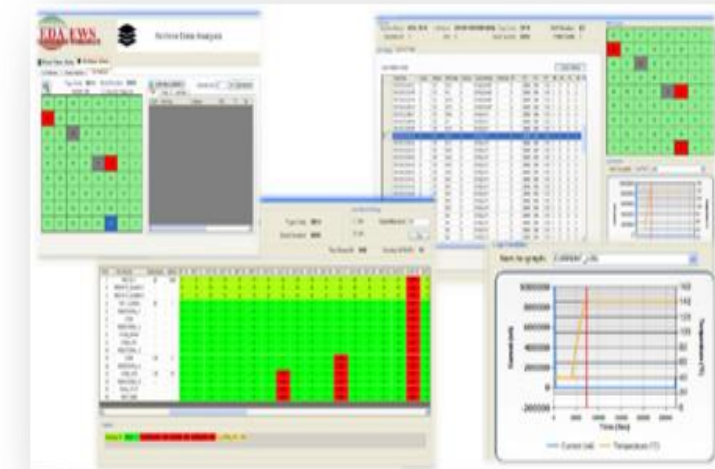

## Back-End

**Thermal Platforms for Reliability & Burn-in Environment**

**Test Platforms**  
(VBTS-M & MOSBTS-M testers)

**Software Platform**

**Burn-in Boards**

# Key info

Strong focus on **Innovation** and **R&D**

Over **30 years** of experience and **more than 600 systems** installed worldwide

Attention on **employees' wellbeing** and **welfare**

**In-House production** and **local support** in **6 countries**

**Customized** and **turn-key solutions**

**Highly specialized** departments and great attention to **products' quality**

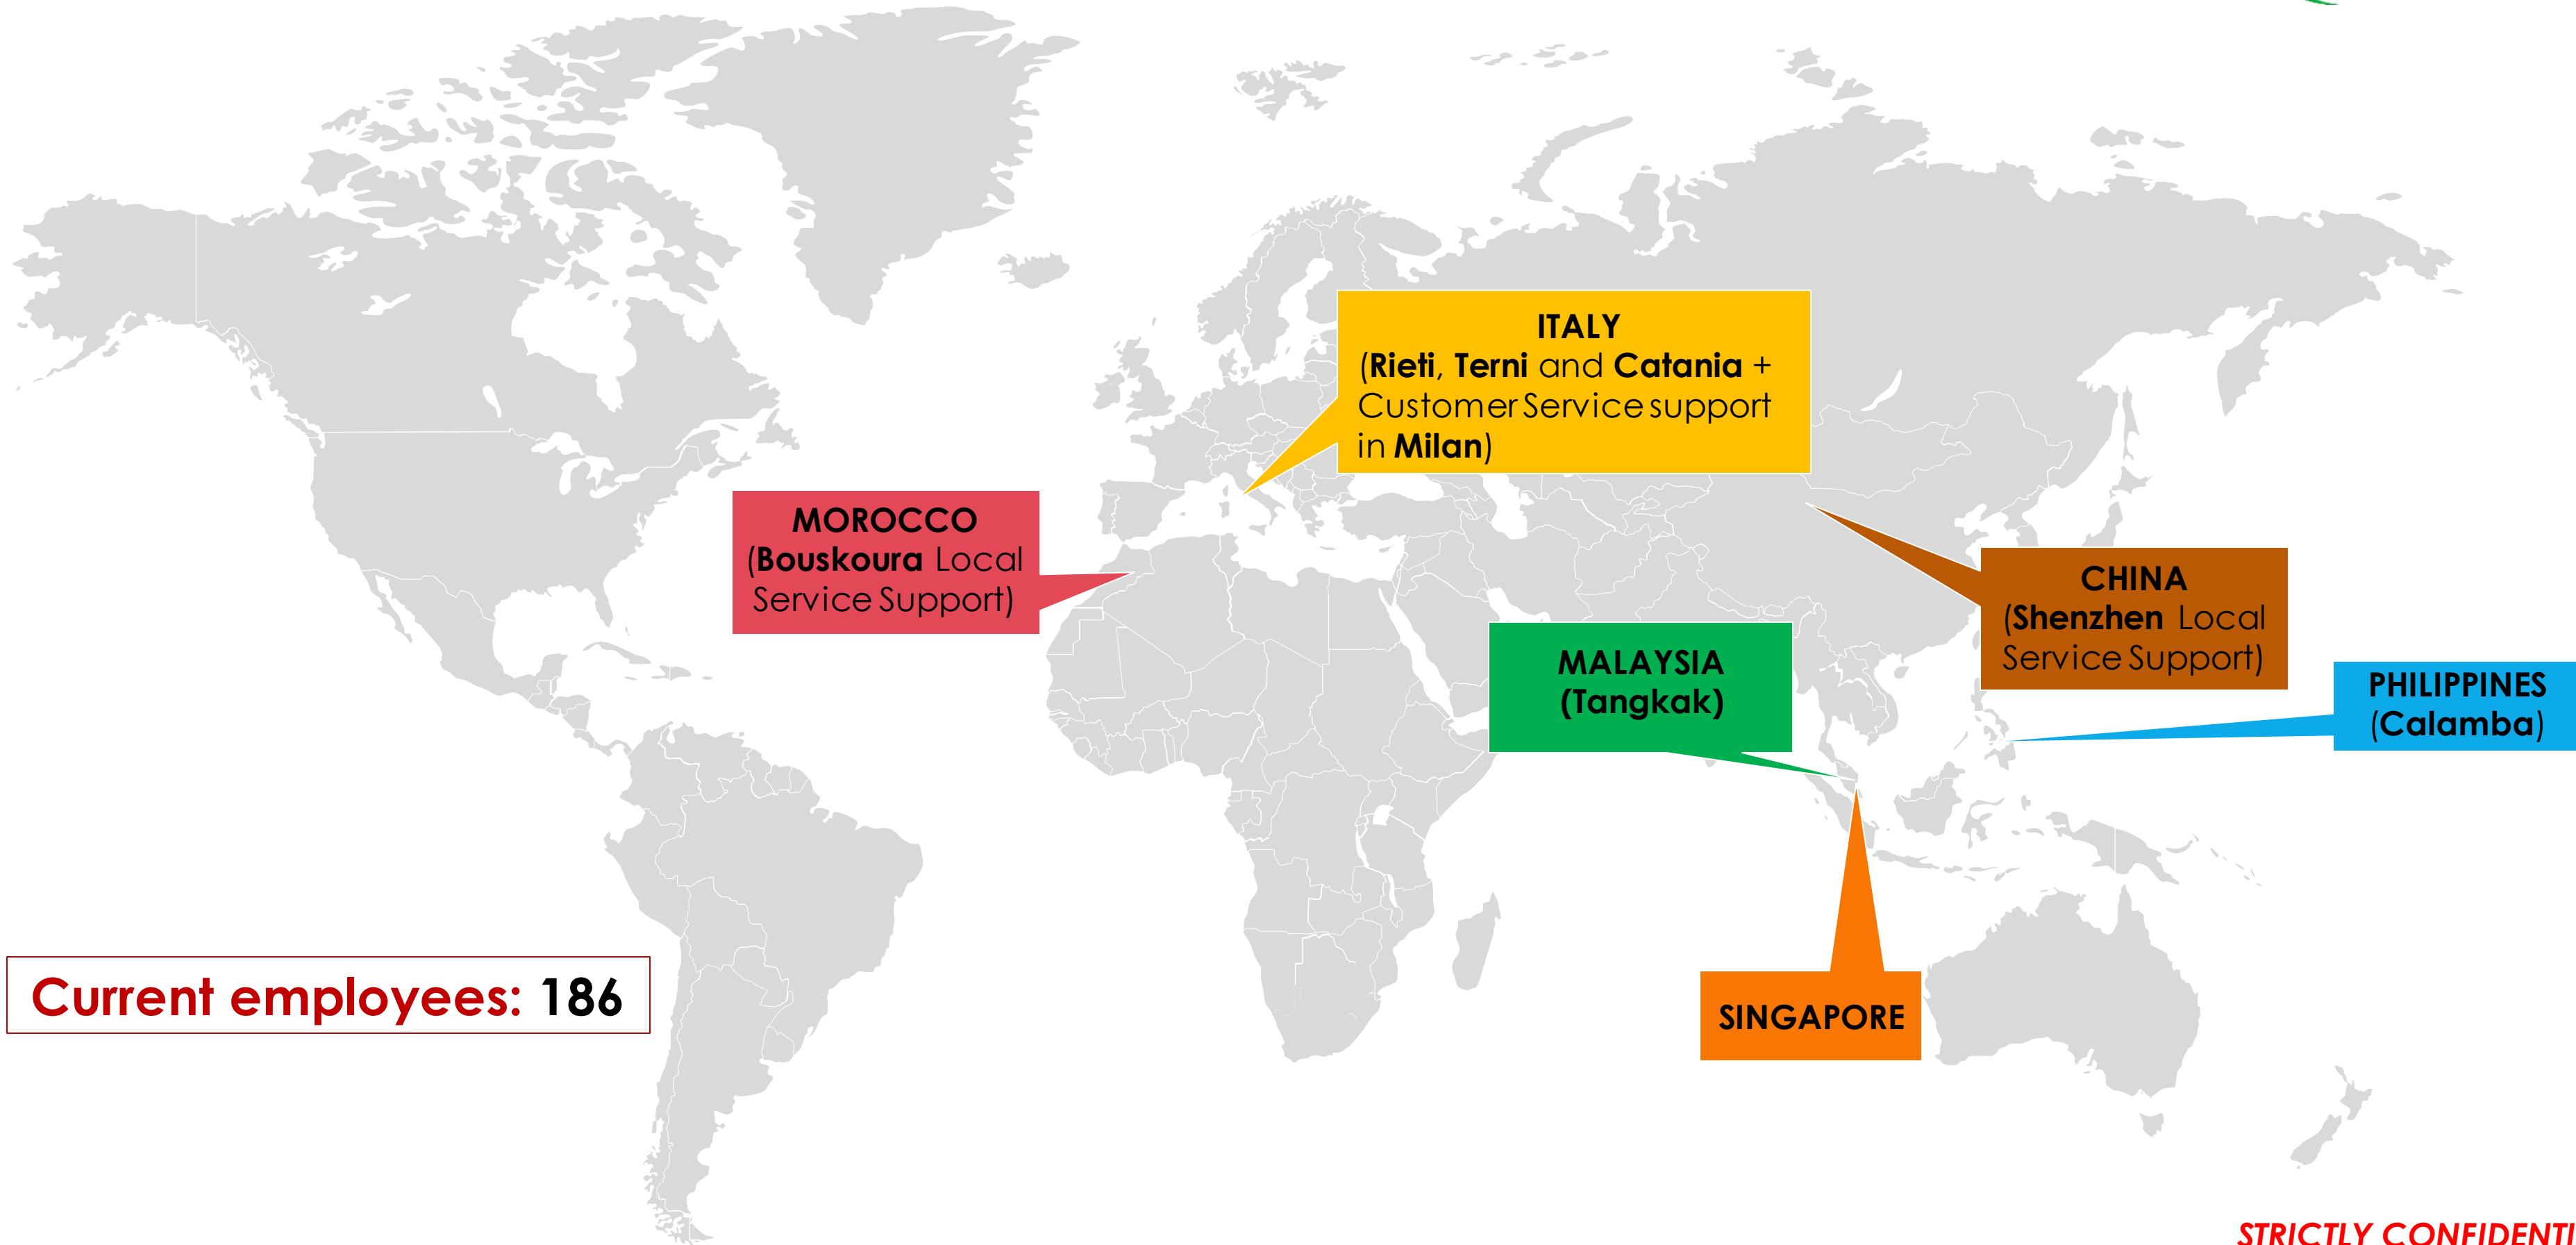

Focus on **Social, Environmental** and **Business Sustainability**

Adherence to **RBA Code of Conduct**

# Locations

**Current employees: 186**

# Italy plants

---

## EDA Italy - Rieti

- EDA Group **Headquarter**
- Founded in **1993**
- **3000** sqm for **80** people

## EDA Italy - Terni

- **R&D** Center
- Founded in **2021**
- **780** sqm for **22** people

## EDA Italy - Catania

- **Application & Burn-in Service**
- Founded in **2013**
- **400** sqm for **11** people

# Asia plants

## EDA Singapore – Bukit Batok area

- EDA Asia **Headquarter**
- Founded in **1998**
- **500** sqm for **27** people

## EDA Philippines - Calamba

- **Production, Application & Service**
- Founded in **2017**
- **1000** sqm for **18** people

## EDA Malaysia – Tangkak

- **Production, Application & Service**
- Founded in **2017**
- **1387** sqm for **24** people

# Customers

STRICTLY CONFIDENTIAL

# EDA Group revenues

**Target for 2027**  
**100M€**

# EDA Group development plan

## Investment Plan focused on:

- Increase Manufacturing Capabilities
- Increase Engineering Capabilities

## New plant in Jasin (Malaysia)

Operating by: Q2 2024

## Extension of Rieti HQ

Start: Q3 2024

## Extension of Terni R&D Center

Start: Q3/Q4 2024

## New site in Catania

Step 1: first building by Q3 2024

Step 2: additional building in 2025

## New plant in Bouskoura (Morocco)

Start: Q3 2024

# EDA Group offer

---

## Test coverage

- HTOL/PTC/LTOL
- TDBI
- WLBI
- HTRB/HTGB
- HTFB/IOL
- DHTOL/DRB/DGS
- THB/H3TRB
- KGD

## Family Devices

- WBG (SiC & GaN)
- SoC
- Analog & Digital
- $\mu$ P
- MEMS
- Memories
- High Power
- Power Modules
